

ABDULROSHEED ABDULMALIK ADISA

Frontend & Mobile Application Developer

09076956531 | abdrosheedabdmalikad@gmail.com | Ibadan, Oyo State, Nigeria | abdmalik.name.ng

PROFESSIONAL SUMMARY

Frontend and Mobile Application Developer with 3+ years of experience building responsive, production-grade web and mobile applications. Skilled in React, Next.js, TypeScript, and React Native, with hands-on experience integrating AI tools such as Claude and OpenAI to solve real-world problems and deliver measurable results. Award-winning hackathon builder passionate about clean code, intuitive design, and mentoring the next generation of developers.

WORK EXPERIENCE

Senior Frontend Developer

2025 - Present

OBEKS AI — Remote

- Lead frontend development of AI-powered products using React.js, Next.js, and TypeScript.
- Collaborate with product and design teams to build clean, performant user interfaces.
- Conduct code reviews and mentor junior developers on best practices.

Frontend Development Tutor

2025 - Present

Geegstack Academy — Ibadan, Nigeria

- Teach HTML, CSS, JavaScript, and React.js through a hands-on, project-based curriculum.
- Guide students through API integration, state management, and responsive design.
- Mentor learners in modern tools including Git, Figma, and industry workflows.

Mobile Application Developer

2025

Web3 Family — Remote

- Built a cross-platform mobile app with React Native and Expo connecting users to service providers.
- Integrated the OpenAI API for intelligent service matching across categories like plumbing and home repairs.

PERSONAL PROJECTS

AmTechy — Full-Stack Developer & Founder

amtechy.name.ng

- Built an edtech platform offering AI-guided and tutor-led learning experiences.
- Integrated Claude AI and OpenAI to power personalized learning paths and adaptive content.
- Solved a real-world access-to-education problem, enabling self-paced learning for students without consistent tutors.
- Implemented progress tracking and a scalable architecture to support platform growth.

DevConnect — Full-Stack Developer & Creator

devconnect-vert.vercel.app

- Built a developer collaboration platform that helps software teams build, debug, and ship applications faster through live coding sessions, AI assistance, team workspaces, and community-driven knowledge sharing.

EDUCATION

University of Ibadan — Bachelor's Degree (In Progress)

Expected 2027

AWARDS

Pixel Gemini 2.0 Hackathon — Winner

2026

- Won a competitive hackathon by building and presenting a functional AI-powered technical solution.
DSH Hacks V1 Hackathon — Winner 2026
- Won a competitive hackathon by building and presenting a functional technical solution.
Codex Meetup Dhaka — Hackathon Winner 2026
- Won a competitive hackathon by building and presenting a functional technical solution.
